i can't find a way to sleep, so i guess i'll just surrender,  
and let this town have it's way.  
if i just took time to breath, i could hear ol' hank a  
warnin...  
not to go down this way.

the bars are open wide, and your friends they lie in  
waiting..  
on this i've leared i can rely.  
they are plotting as they dance, hiding fraud within  
their smiles.  
kiss and hug with knives in hand

spitting lies, just to find...  
there's a reason why we're never satisfied.  
from the long walk home,  
to the reasons why we go to bed alone

hey this whiskey must be broken, cause it aint hardly  
working  
to erase her from my mind.  
get on up and stumble home as the vultures plot  
behind you..  
to pick the meat right from your bones

spitting lies, just to find...  
there's a reason why we're never satisfied.  
from the long walk home,  
to the reasons why we go to bed alone

oh god..my soul, my life,  
please dont let her see that im falling apart.  
the streetlights burn so bright,  
and all the way home they remind me of..  
the night she stole my heart.

spitting lies, just to find...  
there's a reason why we're never satisfied.  
from the long walk home,  
to the reasons why we go to bed alone

were all alone...
