its not a matter of finding out exactly how we feel  
its a matter of disasters that have followed us both  
here  
to the brink of discernment where we dare our selves  
to jump  
keeping steady hands on both our guns defending  
what we've lost

your not her, i'm not him  
lets hold it together and keep it in  
just for tonight  
your not her, i'm not him  
lets hold it together and keep it in  
just for tonight

running out of distractions running out of things to say  
diverting eyes to almost anything to keep my hands  
away  
if im with you much longer theres no telling what we'll  
do  
face to face with this temptation, stay and face the fall  
with you

your not her, i'm not him  
lets hold it together and keep it in  
just for tonight  
your not her, i'm not him  
lets hold it together and keep it in  
just for tonight

a different case, another place, and we would not  
waste this much time.  
but time is what we must afford.  
just pull it back, keep it intact, you keep whats yours, i'll  
keep whats mine  
or we'll repeat what came before

your not her, i'm not him  
lets hold it together and keep it in  
just for tonight  
your not her, i'm not him

lets hold it together and keep it in  
just for tonight.....
