At my house, my house, I've been sleeping.
After kaleidoscope action, take on all the colors that I
can get.

With my suit-case all ready to roll,
currently taking position
in a fountain up a tree-house in bliss,

Only to be with you,
only to be with you
just like U-2
only to be!

Through the ages, we've been wandering around,
came down the African mountains,
through the deserts and mid-eastern shores,
to find goblets and to make wine,
to find unthinkable wisdom,
more than all is one existing in time,

Only to be with you,
only to be with you,
just like U-2,
only to be!

but my world is still crumbling all around,
and all of these promises that I've found,
they're taking me, they're holding me back.

Only to be with you,
only to be with you,
just like U-2,
only to be with you.
