Song: "Nut Song"

Album: Life's Interpretation

Go ahead and force your sons to their executions
Go ahead and force your sons, for the money
Go ahead and forget their futures, for your own wealth
Go ahead and forget your shame, it's what you want
Go ahead and tell everyone how proud you are
Go ahead and eat your meal, forget why you did
Go ahead and take their lives, you know you want to
Go ahead and cut their tongues, it's not worth it
You know you don't want to, want to listen

Get up, get up... tell that to your father
Get up, get up... tell that to your mother
Get up, get up... tell that to your master
Get up, get up... tell that to everyone
Get up, get up... tell that to your father
Get up, get up... tell that to your mother
Get up, get up... tell that to your master
Get up, get up... tell that to everyone
Get up, get up... tell that to your father
Get up, get up... tell that to your mother
Get up, get up... tell that to your master
Get up, get up... tell that to everyone
Get up, get up... tell that to everyone

Hey mister!

What are you crying about?

Oh, your son died? In a war?

Oh, I'm sorry to hear that

Wait a minute!

He joined the military not because he wanted to, right?

He joined the military because you forced him into it!

You wanted to make money off of him, didn't you?!

You used all your money for your luxuries

What happened to the college fund that you were
saving?

Where is it?!

You didn't save any college fund!

What did you do to the money?!
That's right... you used all your money
For all the affairs you've had!
How many children do you have?!

Get up, get upÂ... tell that to your father
Get up, get upÂ... tell that to your mother
Get up, get upÂ... tell that to your master
Get up, get upÂ... tell that to everyone
Get up, get upÂ... tell that to your father
Get up, get upÂ... tell that to your mother
Get up, get upÂ... tell that to your master
Get up, get upÂ... tell that to everyone
Get up, get upÂ... tell that to your father
Get up, get upÂ... tell that to your mother
Get up, get upÂ... tell that to your master
Get up, get upÂ... tell that to everyone
Get up, get upÂ... tell that to everyone
