I can't see you, you can't see me
Get Back
I don't want to lose you

Beauty queens and Asbo teens never meant too much
to me
Always make me want to leave, another day in the big
city
Just want to find my way home, a place that I can call
my own
as the hands of time turn, souls in bad company always
start to burn.

Instead of being a two time loser, drug abuser,
blazin on the chronic, I'm a semi alcoholic
I'm 12 steps away, no end in sight and Tequila makes
me play,
so I'm out tonight and I'm feeling dangerous,
especially now we got that dust (?)

So get higher, get higher

I can't see you, you can't see me

Get back
I don't want to lose you

Broken dreams or so it seems,
hunting for get rich quick schemes,
There's got to be another way
but I can't find it today.
Trying to get out of this place
in the slow lane and I'm losing the race,
I want to be the nice guy that finish first.
Time is so short and moneys even shorter,
barely floating now like treading water,
can't drown sink or swim,
sharks are in the tank and they circlin'
gridlocked into this situation,
searching for emancipation,
take these chains away from me,

I can see you but you can't see me

So get higher, get higher

I can't see you, you can't see me

Get back

I don't want to lose you

I can't see you, you can't see me

Get back

I don't want to lose you
