Soon as the words were spoken
And I saw that look in you eyes
So much regret, I know I won't forget
How empty was when I

Never saw your face
Didn't know my place
Over and over and over again
I pick up the pieces
We're back from the end
Over and over you know that I'll try
Is there any way to take back
When I said goodbye

Promises can't be unbroken
Like a scar cannot be erased
And the sticks and the stones I said I'd never throw
Were the words that drove you away

Now I miss your face
I'm trying to find my place
Over and over and over again
I pick up the pieces
We're back from the end
Over and over you know that I'll try
Is there any way to take back
When I said goodbye

Now I miss your face
I'm trying to find my place
Over and over and over again
I pick up the pieces
We're back from the end
Over and over you know that I'll try
Is there any way, is there any way,
Is there anyway to take back

Over and over and over again
I pick up the pieces
We're back from the end
Over and over you know that I'll try

Is there any way to take back
When I said goodbye, goodbye, goodbye

Soon as the words were spoken
And I saw that look in your eyes
