

## Thing About Rivals, The "TANGERINE DREAM"

From what I gather she can move the Earth that I walk.  
In that sense of the word, and I bring it up for every  
sake of my own.

Mother told me "always speak"  
she knew me better than to ever hold my peace  
Not even for a moment. What's this?

So we walk along the trees and into the middle of the  
Universe  
It seems as though we're lighter than air.  
Winds have picked up over time, and so pretending we  
were fine  
We failed to hold on to anything. What for?

(like) Dark-White & Moon-shade  
We are the opposite of one's, (that) we were once the  
only,  
This thing of ours goes forever it seem's,  
Like the red wood see's for miles, it's only (a matter of)  
time.
