Come on girl don't be shy
I can see that look in your eye
Everybodies out tonight
And I've you in my sights

Come on girl lets have some fun
Let me taste you on my tounge
We go together as more than friends
So dont let this night end

Coz I know, I know, I know
How much you want me but
You don't, You don't, You don't
Want to seem easy
Just keep, Keep me, Keep me
Your little secret
Now lets take, Lets take
A dive in these sheets

Now lets both go down together
And let our bodies take control
Coz we don't need no morals here
Just sink your drink and dance with me

Dig your nails deeper I like it
Run your fingers down my back
Pull my hair and scratch my face
Girl you know I like it like that

Your eyes are burning with desire
I can feel your legs go weak
All it does is fuel my fire
Come and mess this bed up with me

Coz I know, I know, I know
How much you want me but
You don't, You don't, You don't
Want to seem easy
Just keep, Keep me, Keep me
Your little secret
Now lets take, Lets take

A dive in these sheets

Now lets both go down together
And let our bodies take control
Coz we don't need no morals here
Just sink your drink and dance with me

And I don't know
Who you are
But you aint going home

lets both go down together
And let our bodies take control
Coz we don't need no morals here
Just sink your drink and dance with me

lets both go down together
And let our bodies take control
Coz we don't need no morals here
Just sink your drink and dance with me
