A pale shade of baby blue  
Reminds me of what we once knew  
And all the shit you put me through  
Still pulls me under back to you

You wont know this songs for you  
The days we spent once in our view  
That bad taste left in my throat  
Given up all but my hope  
I know you'll hear this one day soon  
I pray you know I paid my dues  
I gave it all up everything  
And truth be told I wont do it again

Don't tell me that its over  
Its not our turn to go  
We spent so long trying to  
Hold on but you let go

Feel me breathing next to you  
In a bed that we once knew  
My friends they say that its wise to  
Forget everything i saw in you

You took from me a year of my life  
Pretended that this all felt right  
You dragged me down and played me twice  
Only for me to pay the price  
You gave me false hope and broke my heart  
I should have seen this from the start  
But now im wiser and i know your game  
I hope you can live with the shame

Don't tell me that its over  
Its not our turn to go  
We spent so long trying to  
Hold on but you let go

21 was so much fun  
Playing games us one on one  
But time is up and rounds are won

I hope your pleased with what youve done

Don't tell me that its over  
Its not our turn to go  
We spent so long trying to  
Hold on but you let go
