"The Libertine"

I'll let you fall for the art,
And so incredibly slow.
I'm so incredibly patient.
Like no one's trying my patience.
I'm so incredibly smooth,
It's so incredibly dangerous.
It sounds believably safe.
But I'm so bloody contagious.

My Karma. My Cravings.
My Charm and My Savings.
My Karma. My Cravings.
My Charm and...

Consequence of action unfolds,
But we don't know what liberty gets when the libertine
says.
When he says "Consequence of action unfolds"
But we don't know what liberty gets when the libertine
says.
When he says "Oh my God."

I'll give you tongue to remark.
Remark so heavenly slow.
We're taking heat under cover.
But we're too sick to recover.
If I were meant to be coy, then you were meant to be
lover.
If I were mentally Freud,
Then you were meant to be mother.
