Things we can't explain  
are the things we entertain.  
When fuses blow.  
Stillness mutes the sound  
and there's no one else around  
and on we go.

I don't say you are the one.  
You will say the words I don't say,  
I come undone.

Daylight fades away  
and we still don't feel ok.  
When dusk rolls in.  
Here in our ghost town,  
you're the only one around  
and no one wins.

I don't say you are the one.  
You will say the words I don't say  
I come undone.  
You will say the words I don't say,  
you are the one.  
You will say the words I don't say,  
I come undone.

We'll wait on high,  
we'll wait down low.  
You won't reply.  
I won't let go.  
But you know my name  
and we feel the same.  
Were not lost no,  
we're not lost.

You will say the words I don't say,  
I come undone.  
I don't say you are the one.  
You will say the words I don't say,  
you are the one. [x4]
