Train is leaving rain is falling down upon me now
I am falling slipping under someway i don't know how.
Mmm
But the quest for you i can love out.
Monday morning in the mirror do you remember me?
We don't share it flowing water climb in an apple tree.
Mmm
But i know if someone as i see there.

Break the silence the moon is closer tonight.
I run in circles along with someday arrive.
But i hope you hold it'll tight
Yearh i hope you hold it'll tight
Tonight.

Dreams are floating upon the ocean.
The ocean meets the sky.
The oceans crawling against the moon light just like you
and i. Mmm
But the look in there eyes makes me wonder why
please.

Break the silence the moon is closer tonight.
I run in circles along with someday arrive.
But i hope you hold it'll tight
Yearh i hope you hold it'll tight
Tonight.

Break the silence the moon is closer tonight.
I run in circles along with someday arrive.
But i hope you hold it'll tight
Yearh i hope you hold it'll tight
Yearh i hope you hold it'll tight
Tonight
And i hope you hold it'll tight
Tonight....
