Just when everything was making sense
You took away my self-confidence
Now all that I've been hearing must be true
I guess I'm not the only girl for you

That's what I get
That's what I get
That's what I get
That's what I get

How could you turn me into this
I'm gonna have to give this line a miss
I told you I'd never say goodbye
Just look at all the tears you made me cry

That's what I get
That's what I get
That's what I get
That's what I get

Why'd you come?
It's a surprise that you'd think i was so of you.
You made me take the pain without you,
It had meat everything to me.

That's what I get
That's what I get
That's what I get
That's what I get
