Have you heard that

Love, love, love is the law
Don't you know that
Love is the law

Love, love, love is the law
Don't you know that
Love is the law

People fighting in the name of freedom
Sometimes I wonder if we really need 'em
Have you heard the rumour going 'round
There's gonna be big changes in this town
And there'll be no more fighting, no more fuss
You'd better listen to us
Have you heard that

Love, love, love is the law
Don't you know that
Love is the law

Fighting in the name of religion
Another senseless contradiction
So when you feel like getting rough 'n' tough
Remember no excuse is good enough
You better start giving more than you take
Or something just might break
Have you heard that

Love, love, love is the law
Don't you know that
Love is the law

Fighting to prevent a war
Why should we do it anymore
I know we can live here side by side
Not just a few in front and most behind
This world is big enough for everyone
C'mon let's have some fun
Have you heard that

Love, love, love is the law
Don't you know that
Love is the law
