You get up, you get down, you get lost and then you
get found,
sure as I'm sittin' here, sure as I'm sittin' here
You get a laugh, you get a cry, get 'em all before you
die,
sure as I'm sittin' here, sure as I'm sittin' here

Come on sit down get down, come on sit down get
down
sure as I'm sittin' here, sure as im sittin here

All the ladies (all the ladies) hypnotize you
And all your friends well they just patronize you
Don't gotta look for God he's just sittin' here
And I think he's got a friend, but it's not too clear

You get the truth, you get the lie, 'nough to make a
grown man cry
Sure as I'm sittin' here, sure as I'm sittin' here
You get the light, you get the dark, all in love it breaks
your heart
Sure as I'm sittin' here, sure as I'm sittin' here

Come on sit down get down, come on sit down get
down
Sure as I'm sittin' here, sure as I'm sittin' here
Come on sit down get down, come on sit down get
down
Sure as I'm sittin' here, sure as I'm sittin' here
Come on sit down get down, come on sit down get
down
Sure as I'm sittin' here yea yea yea

Now you might think its confusing, with all you got well
look what all your losing,
But it's just life and it just goes on, so quit with your
complaining
soon enough you will be gone

mm mm mmm mm mm mm mmm mm mm mmm
sure as I'm sittin' here, sure as I'm sittin' here

mm mm mmm mm mm mmm mm mm mmm mm
mmm mm
sure as I'm sittin' here, sure as I'm sittin' here

come on sit down get down, come on sit down get
down
sure as I'm sittin' here, sure as I'm sittin' here
come on sit down get down, come on sit down get
down
sure as I'm sittin' here, sure as I'm sittin' here
come on sit down get down, come on sit down get
down
sure as I'm sittin' here, sure as I'm sittin' here
