

## Thompson Twins, The "The Price"

Visit "[The Price](#)" on [MotoLyrics.com](https://MotoLyrics.com)

When I was young they said to me  
Don't play with electricity  
I tried to follow their advice  
I very nearly paid the price, yeah

Some go this way, some go others  
Some are children, some are mothers  
Some go this way, some go others  
Some are children, some are mothers

They gave me toys told me to play  
They told me every single day  
Always saying what to do  
Did this ever happen to you?  
And if I followed her myself  
There's a bottle on the shelf

Before they finished with my life  
We'd all up-ed and paid the price  
When I was young they said to me  
Don't play with electricity  
Always saying what to do  
Did this ever happen to you?
