Take my hand  
Rob me for a while of my sight  
Don't let me stand  
Here underneath the red light  
Oh touch my face  
Feel the fascination as love grows  
Your embrace  
Eases the pain that only Tokyo knows

Where were you when I was cold  
And all the world was out to get me

(Chorus)  
Tokyo  
Why can't I ever say no  
Tokyo  
Sense the chill  
Of silent nights on my skin  
Feel the thrill  
As these four walls just cave in  
Taste the rain  
Splashes down on my roof  
Seek in vain  
For you will never know the real truth

This human heart beats much too fast  
For comfort or for love in Tokyo

(Repeat Chorus)

Elvis Presley  
Me and Yoko  
Keo Plazo  
Pepsi Cola  
Wax Tempura  
Yamamoto  
Sayonara

Where were you when I was cold  
And all the world was out to get me
