Never really knew until i found you  
My heart so real and pure  
It showed me what to do  
Now i give to you  
My love that's oh so true  
I can't believe you feel  
The same way for me too

::refrain::

To you, today  
In this most special way  
Now i have the chance to say

::chorus::

You're the one for me  
I want the world to see  
Come and take my hand  
I'll take you to wonderland  
Heaven patiently  
Planned this day to be  
The greatest one for me  
A love flows endlessly

repeat 2nd stanza  
repeat refrain  
repeat chorus

You're the only one for me  
I'd like the world to see  
Come, come with me to wonderland..Ãœ
