Forgive

Remember the things I promised you
Forgotten to love you, you know its true
I tumble then fall for you
The truth now lies in angry eyes
This time I'll pay the price
Pay the price to rise

This feelings got to go
This pain just takes it's toll
If you need me, let me know
I'm here for you
This feelings got to go
This pain just takes it's toll
If you need me, let me know
I'm here for you

All my life I learned from you
The lessons I've learned are never through
I'm sorry my father
Your heart, my hand
Not breaking it again
I'm sorry, I'm sorry
This will be the end

Do you ever think of me? (You follow it underneath your skin)
Where do we go to find what's within?
Just let it go, always within
(What lies)
Always in you
It falls apart
In caves inward
I'm the only one who floats below the rest
Of the angels, of the angels, of the angels

This feelings got to go
This pain just takes it's toll
If you need me, let me know
I'm here for you

This feelings got to go
This pain just takes it's toll
If you need me, let me know
I'm here for you
