Where have all my friends gone?
They've all disappeared.
Turned around, maybe one day,
You were all that was there.

Stood by unbelieving
Stood by on my own.
Always thought I was someone.
Turned out I was wrong.

But you brought me through.
And you made me feel so
Blue, why don't you stay behind, so
Blue, why don't you stop and look at whats goin' down.

Live by an old woman,
She'd never sell me a lie.
It's hard to sing with someone,
Who won't sing with you.

Give all of my mercy.
Give all of my heart.
Never thought that I'd miss you,
That I'd miss you so much.

But you brought me through
And you made me feel so
Blue, why don't you stay behind so
Blue, why don't you stop and look at whats goin' down.
Stand by, stand by, waiting round

(All my life I'm waiting for, someone I could hold the
door.)
Now that I'm blue, that I'm blue
(But nothing seems to change, you'll come back I now)
From now on, so
Blue, why don't you stay behind so
Blue, why don't you stay behind so
Blue, why don't you stop and look at whats goin' down,
Blue, why don't you stop and look at whats goin' down.
