There ain't no traffic lights in this little town,
And lots of places where there's no one around.
Out by the red water,
On the new grass,
We'll wake up the morning,
Making it last.

(CHORUS)

On a long sweet summer night
All the kisses you bring get my temperature right.
long sweet summer night
i will love you with the day turning too...
If it's the only other thing that i do.

Sun slips between the covers of night
we'll find eachother in the fading light
stars turn on it slowly warm up the sky
we're the only two people
who are alive

(CHORUS)

Gonna keep me,
Don't you ever leave me,
Like a dog in the car.
(don't you know you got me)
Know you got me,
When you need somebody to hold.
(when you need somebody to hold)

(CHORUS)
