We have chosen to set ourselves apart
With this flame that's in the depths of our hearts
This is my everything
And with every last breath that I take
We're gonna let this burn
We're gonna let this burn

We are called to be the light of this world
With the fire that burns within our hearts
I will not let this light burn out
Who can extinguish this flame?
I will not let this light burn out within my heart
We have chosen to rise
We have chosen to fight with no excuses or
compromise
Even though we're living in these dark days
Tonight we're going to burn, burn, burn
Tonight we're going to burn, burn, burn
Tonight we're going to burn

Tonight we're going to burn

We are the light of the world
Whoever follows will not walk in darkness
An escape from the abyss you've been living in
No more hiding in shadows

We have chosen to set ourselves apart
With this flame that's in the depths of our hearts
This is my everything
And with every last breath that I take
We're gonna let this burn, burn
We're gonna let this burn, burn
We're gonna let this...
