(verse 1)

makes you feel like
nothings wrong
makes you feel like you're invincible
makes you like nothing could go wrong
makes you feel like, you're living one lie

(verse 2)

it makes you feel great
but all it really does is takes your hopes and makes
them one big fire ball
then throws it, right back in your face
then the days pass, and you can never get them back

(chorus)

you've got to stand up
and change your life around
cuz if you don't
it will be thrown into the ground

you've got to stand up
nd change your life around
eventually
over now

(verse 3)

it makes you feel like
you're flying in the sky
and then you
take a fritening dive, into the sea
and then you can no breath, you barly can see the
future of you and me

(chorus)

you've got to stand up
and change your life around
cuz if you don't
it will be thrown into the ground

you've got to stand up
nd change your life around

eventually
over now

(bridge)

(chorus)
you've got to stand up
and change your life around
cuz if you don't
it will be thrown into the ground

you've got to stand up
nd change your life around
eventually
over now
