(verse 1)

we're that, unstoppable force
the one that, everybody ignores
something powered by the unknown

just when, they've got us down
you'll see mistaken frowns
we'll come back and make you open your eyes

(chorus)

forgotten as usual
unseen as you go
reminders of things you did wrong

forgotten as usual
unseen as you go
reminders of things you did wrong

(verse 2)

so close, i can touch the stars
i think i just saw one move
might be a god damn ufo

what is it that powers these dreams
nothing, that's what it seems
something that is a mystery

(chorus)

forgotten as usual
unseen as you go
reminders of things you did wrong

forgotten as usual
unseen as you go
reminders of things you did wrong

(bridge)

(chorus)

forgotten as usual
unseen as you go

reminders of things you did wrong

forgotten as usual

unseen as you go

reminders of things you did wrong
