

Thousand Times Better, A "Go"

Visit "[Go](#)" on MotoLyrics.com

Go Go!
You had to go, don't you know?
Life's too slow
That's what you would say
And we always knew you'd be back someday
Yeah sometimes I think I see
Your face still gleaming in that spot when I walked
away

And you're not coming home
You're not coming home
We'll see you when it's our time to go

Go Go!
You had to go, don't you know?
You have a great family that
Cares for you and loves you too
That's what you'd say
Yeah sometimes I think I see
Your children screaming for your memory

And you're not coming home
You're not coming home
We'll see you when it's our time to go

Go Go!
You had to go, we miss you so
Did you have regrets?
Don't you know that's nothing new and you
Were one of the best
Yeah sometimes I think I see the results of everything
You did for us
And we're thankful

And you're not coming home
You're not coming home
We'll see you when it's our time to go
