

Thousand Times Better, A "Hitchhiker"

I'm so tired of running backwards
So I gotta keep moving on and on and on
You can't go back to the past, so why worry about it
I believe in the future

I'm so tired of being stuck here
And there have been better years than '08
You can't predict the future, but I know what I've got to
do
So start it today

I've been kicked around, I've been abandoned here
But I think I know where I ought to be
It's time that I learn how to survive
I'll hitchhike my way back home

I've seen things along my travels
And it's been one hell of a ride, this time
We're all stuck here in the present so make the best of
it
Believe in yourself this time

I've been kicked around, I've been abandoned here
But I think I know where I ought to be
It's time that I learn how to survive
I'll hitchhike my way back home
