

Thousand Times Better, A "Powderkeg"

We were kids with big imaginations
Growing up to learn about our limitations
Didn't wanna grow up, or wanna look down
Or move away and adjust to a new town

Four walls, stopped clock
Got a face full of cavities, try to put your mind at ease
Phone calls don't stop
It's as good as it's gonna get so light another cigarette

I've been stuck here every damn day
This place is a powderkeg

I am the bright idea
That comes in complimentary packages
If you are the fuse
Then bring your hopes and we'll bring matches
And if I am the bright idea
That never got the chance to hatch
Then you are the fuse
And I'd prefer to be the match

Re-ran T.V. shows
A monotonous tune pouring from my screen
When it ends, no one knows
But it's got the potential for a violent scene

I've been stuck here every damn day
This place is a powderkeg

I am the bright idea
That comes in complimentary packages
If you are the fuse
Then bring your hopes and we'll bring matches
And if I am the bright idea
That never got the chance to hatch
Then you are the fuse
And I'd prefer to be the match

Because we were kids with big imaginations
Growing up to learn about our limitations

Didn't wanna grow up, or wanna look down
Or move away and adjust to a new town
Killing time you've gotta wonder why
Real big kids were blessed with small minds
Won't make it to the show 'cause we got no cash to go
But you always know we'll make it next time

And so a year has passed
You'd think I'd be mad about that
If life is a dream then what are we?

I am the bright idea
That comes in complimentary packages
If you are the fuse
Then bring your hopes and burn them to ashes
And if I am the bright idea
That never got the chance to hatch
Then you are the fuse
And I'd prefer to be the match
