We'll all meet up next time around  
You, me, the ground  
And I won't change a single word  
That was overheard  
Eating fast food in a parking lot  
And the radio is all I got  
Please play that song  
So I can carry on

I've got this special tune  
And I will play it for you  
Any time you like, any time you like  
We could go so far  
And I've got it in my car  
I'm just like Rush because it's closer to the heart

And it's been a dozen years  
And it's been a thousand cheers  
Sometimes it seems like they made that song for me  
This one's for you

That funky jungle beat  
That special melody  
I've still got the cassette  
You know I didn't pay for it  
They stole all our CD's  
Oh, what a tragedy  
I'm just like Green Day because I'm a minority

And it's been a hundred years  
And it's been a thousand cheers  
Sometimes it seems like they made that song for me  
This one's for you

And now that all our time is gone  
And there's no one left to sing along  
Please don't change me  
Don't take our memories  
But there are some things that'll never change  
Even when our lives are rearranged  
I'm just a nobody

Just like nobody

And it's been a thousand years

And it's been a thousand cheers

Sometimes it seems like they made that song for me

This one's for you
