[Panting in rhythm]

You, you're such a sexy guy
When you come around, you drive my mind wild
I (I) just got to have your love
You can turn me on, you got that vicious style

If you would only love me, darling I will never stop
Oh, I want you oh so much
So touch me all over 'cause you know it gets me hot
All night long you keep me up

Somebody say whoa, whoa
Are you that kind of guy?
Do you know how to love me through the night time?
Everybody say whoa, whoa
Are you that kind of guy?
You're the only one that stays on my mind

[Panting in rhythm]

You, you play so hard to get
Had it make me want you even more, boy
Let me tell you that I just want to be your girl
Let me take you over to my own world

If you would only love me, darling I will never stop
Oh, I want you oh so much
So touch me all over 'cause you know it gets me hot
All night long you keep me up

You're blowin' my mind, you're takin' me over
I just can't face it, boy
Well baby, don't stop, I need your loving
This thing affects me

[Chorus 2x]

[piano solo]

You're blowin' my mind, you're takin' me over

I just can't face it, boy
Well baby, don't stop, I need your loving
This thing affects me

Are you that kind of guy?
Are you that kind of guy?

Somebody say whoa
Are you that kind of guy?
Everybody say whoa, whoa
Are you that kind of guy?

Somebody say whoa, whoa
Are you that kind of guy?
Everybody say whoa, whoa
Are you that kind of guy?

Somebody say whoa, whoa
Are you that kind of guy?
Everybody say whoa, whoa
Are you that kind of guy?

Somebody say whoa, whoa
Are you that kind of guy?
Everybody say whoa, whoa
Are you that kind of guy?

Somebody say whoa, whoa
Are you that kind of guy?
Everybody say whoa, whoa
Are you that kind of guy?

Somebody say whoa, whoa
Are you that kind of guy?
Everybody say whoa, whoa
Are you that kind of guy?
