No boy could ever touched me
Not like the way you touched me
No lips could ever kissed me
Not like yours do

'Cause I love you
I love you, oh, oh
Come to me, darling
And do what you're supposed to do
Oh...

Nobody else can thrill me
Until it almost kill me
Nobody else can love me
Not like you do

'Cause I love you
I love you, oh, oh
Come to me, darling
And do what you're supposed to do
Ahh!

Love that you give
Are hold secrets to me
I'll never loved anyone else
I'm yours eternally

[Interlude]

'Cause I love you
I love you, oh, oh
Come to me, darling
And do what you're supposed to do
Oh... whoa..oh...
Come to me, darling
And do what you're supposed to do
Oh... whoa..oh...
Come to me, darling
And do what you're supposed to do
