Find my way (Find my way)
I must need to try and find my way (Find my way)
I just can't take not another day
Please don't stop me
Just let me go and find my way

You've got me so uptight (Uptight)
You keep saying that I'm wrong when I'm right
And you do it just for spite
I think you're out to break my poor heart
I'm gonna stop you before you start

And all the games you play (Games you play)
There's such silly little games to play (Games to play)
If you care at all, then please just, just stay away
I won't give myself to you
Not one more day

I'm not to make that break
Boy, you put me through chains that I just can't take
'Cause I've got too much mistakes
Now you say you love me, that's no guarantee
When we're together, a storm hits the sea
Lightning strikes a tree
Please let me go free

I got to find my way
Lord, I prayed that I will find my way (Hey, hey, hey)
I, I got to find my way
I, I, I got to find my way
I've tried but I got to find my way
I'm alright, I got to find my way
I need you, but I got to find my way
I, I got to find my way
Somebody, I got to find my way
I, I got to find my way (hey, hey, hey)
