(Richard Barrett)

Look in my eyes  
And tell me you love, love me  
Tell me you want, want me  
Or darling, I'll be gone (gone, gone, gone), gone

Look in my eyes  
And tell me that you're the one for me  
And that our love will always be  
Or darling, I'll be gone (gone, gone, gone), gone

You still got time  
So make up your mind  
What's it gonna be?  
Do you want me?  
I don't need much  
Only your touch  
Come and love me, please  
Or, darling, set me free

Look in my eyes  
And tell me you love, love me  
Tell me you want, want me  
Or darling, I'll be gone (gone, gone, gone), gone

Ooooooh, Oooh Ooooooooooh  
Ooh, ooh, ooh  
(repeat til fade)
