Mm-mmm, ooh
Ooh, ooh
Ooooh

I understand your dreams and your plans
My love, it is here to inspire you
The stakes are high,
But I'm-a right here by your side
When the odds are against what you're trying to do

Oh, you can count on me (You can count on me)
To give the love you need
And help you up, up, up when you are down

Let me tell you that win, place or show
Baby, I, I want you to know
I got my money on you, I got my money on you
If you take a fall,
Baby if you should lose it all,
Still got my money on you, I got my money on you

Wherever you go,
I will follow you

Let me rub your back and help you to relax
Fulfill all the needs that you want me to
Our love is strong
I'll love you right or wrong
When the odds are against what you're trying to do

Oh, you can count on me (You can count on me)
To give the love you need
And help you up, up, up when you are down

Let me tell you that win, place or show
Baby, I, I want you to know
I got my money on you, I got my money on you
If you take a fall,
Baby if you, you lose it all,
Still got my money on you, I got my money on you

[break]

Oh, you can count on me (You can count on me)
To give the love you need
And help you up, up, up when you are down

Let me tell you that win, place or show
Baby, I, I want you to know
I got my money on you, I got my money on you
Baby, now if you take a fall,
Baby if you should lose it all,
Still got my money on you, ha, I got my money on you

Tell you that win, place or show
Baby, I (Want you), I want you to know
I got my money on you, yeah, I got my money on you
Said that if you take a fall
Take a fall (Should lose it all)
Still got my money on you, I got my money on you
[fade]
