Yes, this is the year  
To make your decision  
Yes, this is the year  
To open up your mind

If you've been holding back kind of slack  
Now's the time to get the things you need  
There ain't no reason why you should be shy  
People have died to set you free

Oh, we need ev'ry one to succeed  
Ev'rybody to succeed (we need ev'rybody)  
We're just like soldiers in the army  
Come on and join us, please  
(Come on, come on ad join us please)

Yes, this is the year (come on)  
To make your decision (we got to get it together)  
Yes, this is the year (come on)  
To open up your mind

If you're strong out on a Jones  
You better make sure that you leave the bad stuff alone  
What ever you wanna do, think it over good  
'Cause the choice is up to you

Oh, we need ev'ry one to succeed  
Ev'rybody to succeed (we need ev'rybody)  
We're just like soldiers in the army  
Come on and join us please  
(Come on, come on and join us please)

Yes, this is the year (come on)  
To make your decision (we got to get it together)  
Yes, this is the year (come on)  
To open up your mind

Yes, this is the year (come on)  
To make your decision (we got to get it together)  
Yes, this is the year (come on)  
To open up your mind (open up, open up your mind)

Yes, this is the year (come on)  
To make your decision (we got to get it together)  
Yes, this is the year (come on)  
To open up your mind (open up, open up your mind)
