One week of watching pornographic
some called it insane draining.
In soaked wet and pillers is the only way to keep my
headace away.

No hartace
No hartace
No hartace
No hartace...

Converskating my downloading of pornographic.
the police they took it away.
Riding on the wings of freedom but some of us flyed
away.

No hartace... x4

How would you feel without pornographic?
Nothing would ever be the same!

Hey god is this what you want?
Religion wars all around.
No one has talked to heaven.
Would you like abit of hell?

It's crime.
It's crime.
It's crime.
It's crime.

Spend time in prison!
Spend time in prison!
Spend time in prison!
Spend time in prison!
