I say world wars, start wars...  
I once said when I grow-up  
I blow up her  
Bitch you are famous  
The world seems all with me  
Is there life of the crimes doing robberies  
Nobody is stopping me  
I'll be a doctor or a lawyer  
Dogs I was thinking  
About reading Tom Sawyer  
Holmes never had a pops  
Role model stoner  
Never will I make the draft  
Don't have a jumper  
9 to 5 ain't for everybody  
Reading the fundamentals for school  
Ain't for everybody  
All I want is money and status  
And be somebody  
Not broke sleeping in attics  
Being a nobody  
For sure I'll get big rate  
That's what I can see honestly  
45, honey why I got to be  
The life I live now but not how is going  
Pretty soon my problems will go away with the wind  
Tired of waking up just doing the same shit  
Get dressed, hit the block, be on the bank shit  
I want something better  
Not the baggage I came with  
The only change that I see  
Is the coin that I flip with  
Tired of looking at my girl  
Can't take her shopping  
The bills due I only got the stuck of my pocket  
My life reality might do so just watch it

So what I'm gonna be when I grow-up?  
Will I ever make it?  
Will I blow her?  
How my life good?

Will be a bommer on the street  
I wanna make it from the hood  
That is good for me  
Dead guy  
So what I'm gonna be when I grow-up?  
Dead guy  
So what I'm gonna be when I grow-up?  
Dead guy  
So what I'm gonna be when I grow-up?  
Hopefully I'll make it  
Hopefully I'll blow her
