gotta gotta gotta get my demons in a row
africa's mirror jupiter's glow not too fast not too slow
africa's mirror jupiter's glow
gotta gotta gotta get my demons in a row
well a sick man like me suffers from outside energies
earth-bound hang around
aerial hosts your homicide your suicide your overdose
ghosts earth-bound hang around aerial hosts
gotta gotta gotta get my demons in a row
burn burn burn cousin 451 light the match
let's feel the sun
the king of kings the king of stones
bring me chicken and chicken bones
gotta gotta gotta get my demons in a row
burn burn burn cousin 451 light the match
let's feel the sun come on leveau let's feel the sun
come on marie let's feel the sun feel the sun
gotta gotta gotta get my demons in a row
