It's been twenty four, twenty four long years
I've been tryna change, tryna a change the way I've
been

I've come to realise the heart is where it is
and what's inside my mind is playin' tricks on me
It used to trouble me, what I percieved to be
Believe in yourself, in yourself

I look into the mirror and I start to change
Why the hell do I feel this way
One day I'm fat one day I'm thin
Where on earth do I fit in
And then my mind it starts loosin' out on me
Who's the girl I'm supposed to see, why cant I just be

So in twenty four, twenty four more years
Can't imagine where, can't imagine where I'll be
But one thing I know, in life no garantees
So I'll carry on, carry on

I look into the mirror and I start to change
Why the hell do I feel this way
One day I'm fat one day I'm thin
Where on earth do I fit in
And then my mind it starts loosin' out on me
Who's the girl I'm supposed to see, why cant I just be

Tape measure not fair
Look at myself
Though I'm not there
Scales weigh fifty four
I can't take this anymore
Tape measure not fair
Look at myself
Though I'm not there
Scales weigh fifty
I can't take this anymore

I look into the mirror and I start to change
Why the hell do I feel this way
One day I'm fat one day I'm thin

Where on earth do I fit in
And then my mind it starts loosin' out on me
Who's the girl I'm supposed to see, why cant I just be
I look into the mirror and I start to change
Why the hell do I feel this way
One day I'm fat one day I'm thin
Where on earth do I fit in
And then my mind it starts loosin' out on me
Who's the girl I'm supposed to see, why cant I just be

The real me..
