Here I go again, I say
That I try to reach your hand
But hands they seem to disappear

When I look up there's no one there
Just dancing shoes and broken hearts
Since I've been trying forever, I keep ending up here

Is it me or is it everyone else?
I should be more like your sister
She's in love with herself
Is it me or is it everyone else?
I should be more like your sister
She's in love with herself

I guess I'm more like your brother
He's known from the start
He's starving heart
I guess I'm more like your brother
He's known from the start
He's starving heart

Is it me or is it everyone else?
I should be more like your sister
She's in love with herself
Is it me or is it everyone else?
I should be more like your sister
She's in love with herself

I guess I'm more like your brother
He's known from the start
He's starving heart
I guess I'm more like your brother
He's known from the start
He's starving heart

Here I go again, I say
Then I try to reach your hand
But hands they seem to disappear

When I look up there's no one there

Just dancing shoes and broken hearts
Since I've been trying forever, I keep ending up here

Here I go again I say
Then I try to reach your hand
But hands they seem to disappear

When I look up there's no one there
Just dancing shoes and broken hearts
Since I've been trying forever, I keep ending up here
