Roaming through, roaming through myself to know  
Roaming through, roaming through myself to learn

And as we try to reach the answer  
Shapes confuse  
Another question to reply

And as we rake our nails  
Across all the time we've lost  
There's something everlasting watching silently

Can you hear the call that echoes there?  
Beckoning the soul  
Repent, forgetting  
Thoughts that remind me how did I get so far

Roaming through, roaming through myself to know  
Roaming through, roaming through myself to learn

Where senses fall in ecstasy caught by the scent of  
incense  
Then raped in different shades  
Corrupted, triumphant

A secret to keep

Symbols we can't understand  
But feeling like a glance so high  
Symbols, symbols, order in chaos  
As spirit rise in ashes loss

Roaming through, roaming through myself to know  
Roaming through, roaming through myself to learn

Hiding  
Roaming through  
Sealing  
Roaming through  
Learning  
Roaming through  
Myself...
