(Travie)

Yeah

Haha, Batsquad!

Now we both know you came here to party

Let the beat Electrocute your body

It's just me and a couple of friends

Travie, Tim William, No S at the end

Yeah

(Tim)

The fool stands alone stands alone stands alone

That's why im here by the bar

On my own on my own

And I just wanna be

The face on your TV

When you move in your panties

When your at home, your at home

Cause I came in here to dance

You came to shake that ass

Let me see you move it girl, move it move it girl

I came to dance for free

You came to dance for me

Let me see you move it girl, move it move it girl

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

I came in search of love

You came in search of drugs

You can find it on the floor

On the floor, on the floor

Baby come with me

Cause I got all you need

Let me see you drop it low

Drop it low, drop it low

Cause I came in here to dance

You came to shake that ass

Let me see you move it girl, move it move it girl

I came to dance for free

You came to dance for me

Let me see you move it girl, move it move it girl

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

I wanna look deep into your eyes

Feel your body on mine

I want you to rock me all night

Do whatever feels right, Feels right (Travie screaming)

Do whatever feels right, Feels right (Travie screaming)

Do whatever feels right, Feels right (Travie screaming)

Do whatever feels right, Feels right (Travie screaming)

Do whatever feels right, Feels right (Travie screaming)

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

Move it girl

Move it girl, move it move it girl

Baby you can do it, take the time do it right

Move it girl, move it move it girl

You can move it baby, move it tonight
