Visit "[The Walk Out](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Get up, Stand up,  
Walk out on those idiots  
They don't like you anymore  
You've been, Here for  
Several Weeks and yet still they  
Hate you anyway

What is left to say?  
Turn over a brand new leaf,  
And walk out on them .  
It doesnt matter anymore .  
If you want to be you  
Then stand up for yourself and

Let them be!!!

This is, not what you want  
But I guess, you have no choice  
Listen, you're too good for them  
Just pack all your bags and leave

Get up, Stand up  
Walk out on those idiots  
They don't like you anymore  
You've been, Here for  
Several Weeks and yet still they  
Hate you anyway
