She claims she's pregnant
She said this for some time
But she knows that she's full of shit
And dirty skankin' lies

Now that her glory
Is gone!
She doesn't get the credit that
She did have for so long

She doesn't want to get involved with

Boys and girls that don't understand
That pregnancy's a pain in the ass
All she wants is freedom now
To LEAVE!

She's a valley girl
She's full of lies
She claims she's pregnant
But goes home and Cries!!!
