

Time Bomb Symphony

"Come Back"

Visit "[Come Back](#)" on MotoLyrics.com

Here I'm siting
Then here I'm crying
Tonight love is fuckin' dying
Your dreams are escaping and mine is burning

Here I'm hoping
Then here I'm running
Trying to understand this fucking feeling
Baby You make me feel

Come Back! To Me...
Come Back! Tell Me...
Honnestly You've missed me
And Tonight i'm still crying (x2)

I Can't sleep tonight
Was I wrong last night?
I'm all alone, please come back home
Pick up the phone yes i was wrong

I'm Thinking of you
I know you're thinking of me
What's the aim of this torture
I need to lean on you to survive

Come Back! To Me...
Come Back! Tell Me...
Honnestly You've missed me
And Tonight i'm still crying (x2)

(Break)

Come Back! To Me...
Come Back! Tell Me...
Honnestly You've missed me
And Tonight i'm still crying... (x4)
