Take a chance now
Hold my hand now
Hold it till the sun goes down
Take a chance now
Close your eye's now
And let me teach you one on one

(Music comes in hereâ€¦
Mad kick ass instrumental???)

Let me show you all the cool things
That are out there to see
Let me show you how to make this last
Between you and me
Let me show you all the things
Like a pink bird in a tree
Let me show you how I feel
When it's just you and me.

You know that, you're the only one for me
I know that you liked how I use to be,
Maybe things might be different this time
So!

Take a chance now
Hold my hand now
Hold it till the sun goes down
Take a chance now
Close your eye's now
And let me teach you one on one

They tell me you're pretty cool
Maybe even to cool for school
But I wouldn't believe that for a second
I've seen another side of you
That doesn't always come through
A side that hides away, waiting for that day
For someone to take your Breath away.

LET ME BE THAT SOMEONE AND!

Take a chance now
Don't hold back
Take a chance now
Don't hold back
Take a chance now
And never look backâ€¦.
