People say you run around, I don't even care.
I could never hold you down, I don't even dare.
I just wanna play your game, no matter what the rules.
I've met an awful lot of dames, but not quite as bad as
you.
Let me try to love you, I know I could.
One night to hold you, just ain't no good.
(chorus)
I don't wanna leave you, I don't wanna go.
Can't you see I need you? Girl, I need you so.
I will be your doctor babe, I'll make you feel alright.
I've got something to keep you warm, on a cold and
lonely night, now turn out the light.
I will never tie you down, cuz I know you wanna be free,
so free.
Say you'll let me come around, say you wanna be with
me.
Let me try to love you, I know I could.
One night to hold you just ain't no good.
(repeat chorus)
All I wanna do, is make sweet love to you.
Now you wanna leave me. What am I supposed to do?
Can't you hang past to? That was 12 o'clock at night.
Why you wanna leave so soon? Girl, you know it ain't
right.
(repeat chorus)
I don't wanna leave you, I don't wanna go.
Let me try to love you, I know I could.
One night to hold you, just ain't no good.
I don't wanna leave you.
