Thanks for all you've done, everything you've done for
me

Thanks for making me undone, for tossing me to the
sea

Thanks for bringing me down, for making me want to
die

Thanks for giving me this frown, not even saying why

Thanks for crushing me to nothing

Thanks for hunting down my heart

Thanks for the painful sting

As you threw your piercing dart

Thanks for all you've done, everything you've done for
me

Thanks for making me undone, for tossing me to the
sea

Thanks for bringing me down, for making me want to
die

Thanks for giving me this frown, not even saying why

Thanks for bringing me here

Where I'm not even wanted

Thanks for making this so clear

For leaving me alone and haunted

By what I think I should have done

By what I think might have been

By the memory of you shooting like a gun

Through everything I am, myself within

Thanks for all you've done, everything you've done for
me

Thanks for making me undone, for tossing me to the
sea

Thanks for bringing me down, for making me want to
die

Thanks for giving me this frown, not even saying why

Thanks for teaching me something

Thanks for putting me through this pain

Something I wouldnt have learned

I'll never fall for this again

Thanks for breaking me down
Thanks for helping me no longer
Thanks for bringing me around
Thanks for making me stronger
