I know you know we had the freedom, We had the  
choice  
I won't lie anymore, no I won't lie anymore  
I see you out again and, I tried my best to hold it in  
But it ain't easy no it ain't easy

(Chorus)

You're the one for me I know  
I'll be yours again, Just like it was back then  
We'll be the envy of the world that we live  
So if it all works out, We'll be in love all over again

You said your goodbyes, You left me with these words I  
can't describe  
Can you give me a chance, Just one more chance

Chorus

First class we had it all, Drinking wine and standing tall  
You know that you were astounded  
Other then the obvious where did you go when we woke  
up  
Far away from here

I'll be yours again, Just like it was back then  
We'll be the envy of the world that we live  
So when it all works out, We'll be in love all over again

I'll be yours again, Just like it was back then  
We'll be the envy of the world that we live  
So when it all works out, So when it all works out, We'll  
be in love all over again
