Lying awake, but still dreaming of the night mares that
haunt me,
Everytime I close my eyes,
Wanting to sleep but can't seem to be,
Perfecting deception makes you believe that I'm ok,
But fear not it's just a lie - This is why I cry
It's just what I do - to hide from the truth
Cause I don't see the light at the end of the tunnel - all I
see is you
Hope you understand that everything's not all right,
Everything is going to end
That everything I am is going to die
All inside the tears I cry
The screaming never ends
Hoping to die - will you save me...??
End this life - before its too late
Cant anyone see that this is not me...??
That the scars that decorate my arms
Are the art work of you
Dreaming of the days when I was young
I was so scared, hiding from the truth
Hiding from what was real, wishing that this nightmare
would end
Hoping one day I'll be free and have a better life than
this
Hoping that it will all end, the internal pain
The day I die will be the day I'm set free.
