The way that we are
The way that we are
Were never the same
Were never the same
Were ready to go
Ready to go
Its always the [?]
And were running wild

Baby, oh [?] is not the same
Oh, like and we are not the first but we were [...]
But we were not the same oh were so hot
but were running wile and were not the same
Boom
The way that we are
The way that we are

[...]

We are never the same
Never the same
We are ready to go
It is not just a time diference
We are ready to go and
I just need to set the tone
Yeah, were not the same
Oh, were not the same
We are so hot
And were running wild
Oh, were not the same [x4]
